*SAB and Piano
(optional bass and sop sax)*

A friend of mine asked recently if I could write a 'song of hope'. It's definitely challenging right now in the middle of 2020 not to feel disconnected, anxious and concerned about the future. Taking inspiration from the trend of painting rainbows and putting them in windows as a sign of a hopeful future, *Like A Rainbow Shining* is a song for singers everywhere to enjoy and perform. I'm grateful to singers from all over the world who helped make the first virtual choir version of this song. The sheet music is available as a free download from willtodd.co.uk in Unison/SA, SAB and SATB arrangements. There is also access to the backing and learning tracks and I encourage choirs and groups to make their own virtual versions of the song or plan to perform it when you next get the chance.

Wishing singers, musicians and music directors world-wide all the best and with hope for the future.

Will Todd April 2020

Paint me a rainbow
And hang it at your window
And always remember
Together we are stronger
Together we are kinder
Together we have colours

Friend to a stranger
Remembering our neighbour
And then like a rainbow
Together we are shining
Shining, shining, shining
Like a rainbow we will shine

Though I can't touch you
I long to see your face again
My heart is in readiness
To clothe you in my love
And then like a rainbow
Together we are shining
We are shining
Together we are shining
